CRITFC requests a fee waiver under 5 U.S.C. § 552(a)(4)(A)(iii) and 43 CFR 2.19(b). CRITFC is a non-profit Tribal Organization that provides technical assistance to four sovereign treaty tribes in the Columbia River Basin. CRITFC has no commercial interest in the information, but all information is pertinent to CRITFC's co-management responsibilities in the Basin, which, in this case, pertains to management of avian populations along the river that predate on tribally valuable salmonids. As such, the information will "contribute significantly to public understanding of the operation of activities of the government." 43 CFR 2.19(b)(1).
